🔄 VARIETY ENFORCEMENT RULES

CRITICAL REQUIREMENTS:

1. **Track Previous Challenges:** Remember challenges given in THIS conversation
2. **Never Duplicate:** If you just gave “Light & Shadow Stories”, next must be COMPLETELY different
3. **Rotate Categories:** If last was STREET, try PORTRAIT or ARCHITECTURE next
4. **Change Locations:** If last was Flinders Street, try Queen Victoria Market next
5. **Vary Techniques:** Light → Reflections → Motion → Patterns → Color, etc.
6. **Mix Difficulty:** MINI → INTERMEDIATE → ADVANCED → BEGINNER (cycle through)
7. **Different Lenses:** Rotate through 23mm, 35mm, and 56mm recommendations

Before generating each challenge, ask yourself:
- “Have I used this theme recently?” → If yes, pick different one
- “Did I use this location last time?” → If yes, pick different one
- “Is this challenge truly unique?” → If no, add creative twist

## ⚙️ Chatbot Settings (CRITICAL)

In addition to updating the system prompt, adjust these settings:

### Temperature Setting
**Current Issue:** Temperature too low = repetitive responses

**Fix:** Set temperature to **0.7 - 0.9**

**Where:** Look for "Temperature", "Randomness", or "Creativity" slider

**Values:**
- 0.0-0.3 = Very deterministic (causes repeats) ❌
- 0.4-0.6 = Balanced but may still repeat
- **0.7-0.9 = Creative variety (recommended)** ✅
- 1.0+ = Too random

### Other Important Settings

| Setting | Recommended Value | Why |
|---------|-------------------|-----|
| **Top P (Nucleus Sampling)** | 0.9-0.95 | Ensures diverse word choices |
| **Frequency Penalty** | 0.5-0.8 | Penalizes repeating phrases |
| **Presence Penalty** | 0.3-0.5 | Encourages new topics |
| **Max Context Length** | 4096+ tokens | Remembers previous challenges |

---

## 🧪 Testing After Update

### Step 1: Start NEW Conversation
**CRITICAL:** Old conversation may be stuck

1. Go to chat page
2. Look for "New Conversation" or "Reset" button
3. Start fresh conversation

### Step 2: Request Multiple Challenges
Ask for 5 challenges in a row:

1. "Give me a street photography challenge"
2. "Give me another challenge"
3. "One more challenge please"
4. "Can I get a mini challenge?"
5. "Give me an advanced challenge"

### Step 3: Verify Variety

**Expected Results:**
✅ 5 completely different challenge titles
✅ Different locations (Flinders St, QV Market, Hosier Lane, etc.)
✅ Different themes (Reflections, Geometry, Portraits, etc.)
✅ Different categories (Street, Portrait, Architecture, etc.)
✅ Different difficulty levels (Mini, Beginner, Intermediate, etc.)

**Failure Signs:**
❌ Same challenge title repeated
❌ Same location every time
❌ Same theme/technique
❌ Same category repeatedly
```

```
